

# LETTERBOXES

## LETTERBOX INSTALLATION INSTRUCTIONS

### Summary:

1. Installation Option 1: Simply place your letterbox directly onto a level site prepared in the desired location.
2. Installation Option 2: Use a cement slab or paver to create a solid, level site to adhere your letterbox to with Liquid Nails.

### Installation Option 1:

#### *Requirements:*

*Liquid Nails glue (for 2 piece letterboxes only)*

- a) Prepare a level and firm site, approximately 45cm<sup>2</sup>. Remove any lawn or other growth.
- b) Place the letterbox in position on the prepared site. Use spirit level to ensure the base is level.
- c) For all 2 piece letterboxes, it is necessary to connect the top and bottom pieces together with Liquid Nails. Simply apply Liquid Nails to the top edge of the bottom piece, and set the top piece of the letterbox in position, and leave to set. Be careful not to apply excess glue, as it may spread to the outer surface of the letterbox.
- d) Your Elite Stoneware letterbox is ready to use.

### Installation Option 2:

#### *Requirements:*

*Instant Cement or Concrete Paver*

*Liquid Nails glue*

- a) Prepare a level and firm site, approximately 45cm<sup>2</sup>. Remove any lawn or other growth.
- b) Prepare concrete slab, approximately 45cm<sup>2</sup> and 4cm thick OR use concrete paver of same size. Use spirit level to ensure the site is level.
- c) Apply Liquid Nails to the inside edges of the base of the letterbox (to the surfaces that will meet the concrete slab/paver. Be careful not to apply excess glue, as it may spread to the outer surface of the letterbox.
- d) Place in position on the prepared slab/paver and leave to set. Use spirit level to ensure the base is level.
- e) For all 2 piece letterboxes, it is necessary to connect the top and bottom pieces together with Liquid Nails. Simply apply Liquid Nails to the top edge of the bottom piece, and set the top piece of the letterbox in position, and leave to set. Be careful not to apply excess glue, as it may spread to the outer surface of the letterbox.
- f) Once dry, your Elite Stoneware letterbox is ready to use.
